

# THE 5 LOVE LANGUAGES® PROFILE RESULTS

## Your Primary Love Language is Quality Time

In the vernacular of Quality Time, nothing says, "I love you," like full, undivided attention. Being there for this type of person is critical, but really being there – with the TV off, fork and knife down, and all chores and tasks on standby – makes your significant other feel truly special and loved. Distractions, postponed dates, or the failure to listen can be especially hurtful. Quality Time also means sharing quality conversation and quality activities.
